

International Students

A packet of information for international students is available from the Admissions and Academic Advising office. International students must provide evidence of financial support sufficient to cover all expenses. A statement assuring full financial responsibility is required and must be signed by the international student and his/her parent, guardian or sponsor, assuring full financial responsibility for the student. The required amount depends on the student's academic program and level, and assumes full-time enrollment and living expenses to cover three semesters of full-time study. International students must also submit the F-1 Responsibilities Form and the initial I-20 Request Form, which is included in the international packet. Federal and state financial aid is only available to U.S. citizens and permanent residents. International students, however, may be eligible for Walsh College scholarships.

After being admitted to Walsh College, students who enroll on an F-1 visa and require an I-20 should contact a designated school official (DSO)/international student advisor in the Admissions and Academic Advising office for specific requirements. The United States Citizenship and Immigration Service (USCIS) require that students on a non-immigrant student visa pursue full-time enrollment in a specified undergraduate or graduate degree program.

International students who maintain the specified enrollment status are allowed to work on campus for a maximum of 20 hours per week if positions are available. Off-campus employment is not allowed unless approved by the USCIS, and only for practical training or for economic hardship. Students should contact a DSO/international student advisor in the Admissions and Academic Advising office for further information pertaining to employment.

USCIS regulations and rulings are subject to change at any time. Please contact a DSO/international student advisor in the Admissions and Academic Advising office with questions regarding the most current USCIS regulations and rulings.

Undergraduate and Graduate Admissions Procedures

To apply to any Walsh College undergraduate or graduate degree program, an international admissions application must be submitted along with the non-refundable application fee. Walsh College graduates and former Walsh College students are not required to submit a second application fee. Applications may be submitted at any Walsh College campus or through the Internet at www.walshcollege.edu.

Every attempt will be made to process applications in time for accepted students to enroll in their intended semester of attendance. Admissions applications will be accepted until the beginning of a given semester, upon receipt of all required documents. It is recommended that international students apply at least eight weeks prior to the beginning of the semester in

which they want to enroll, especially if they are coming directly from outside of the United States. Applicants will be considered for admission when the Admissions and Academic Advising office receives evidence of the achievement of minimum admissions requirements. Official admission to the College will be granted only upon receipt of all official transcripts and required documentation, although an individual may initially be admitted based upon a review of unofficial materials and contingent upon receipt of final transcripts and fulfillment of grade point average requirements.

It is the responsibility of the applicant to formally request that official transcripts be sent to Walsh College from all previous academic institutions. Official transcripts are required for admission in order to become a student at Walsh College. Indebtedness or transcript holds at another institution may prevent processing of the admissions application and/or class registration.

Individuals who hold a non-immigrant visa, who are permanent residents, or who are naturalized citizens with international transcripts, must submit these transcripts to one of the approved agencies specializing in the course-by-course evaluation of international educational credentials. The approved agencies include World Education Services (www.wes.org) or Educational Credential Evaluators (www.ece.org). The applicant is responsible for bearing all costs associated with obtaining this evaluation and for submitting these transcripts with sufficient time for this agency evaluation. Only upon the receipt of this evaluation will the applicant be considered for admission to Walsh College.

After receiving the applicant's official transcripts, the Admissions office will evaluate the transfer of academic credits based upon all previous college coursework at the 100 level and above. Any discrepancy between official and unofficial transcripts will result in the adjustment of any previously noted equivalencies, and may affect eligibility for admission or a change in admissions status from contingent to admission denied. Generally accepted transfer policies are practiced along state and federal guidelines. Upon completion of the evaluation, a letter will be sent to the applicant reflecting the status of his/her application and admission to the College.

An applicant may contact the Admissions and Academic Advising office at any time during this process to inquire about specific policies and procedures or the status of his/her application. A newly admitted student may enroll in any semester within 12 months following admission to Walsh College. Failure to complete at least one course within the 12 months from admission will necessitate re-application. After 24 months of non-enrollment, the application, official transcripts, and all related documentation will be destroyed.

International Students

Admission on a Student Visa

Any individual seeking admission to Walsh College as an international student on an F-1 Student Visa must meet the general admissions requirements for undergraduate or graduate degree programs at Walsh College. The admissions application must be submitted along with the non-refundable application fee. In addition, these individuals must also meet the following requirements:

- Proof of English language proficiency must accompany an admissions application from individuals who speak English as a second language (ESL). However, if the student meets the written communication requirement, the English language proficiency requirement is waived.
- Provide official statements of financial support through personal or sponsored funds. Additionally, an international student must submit an international packet. This can be found on the Walsh College Web site (www.walshcollege.edu) or one can be mailed.
- Health insurance must be purchased through Walsh College. Please visit our Web site at www.walshcollege.edu for more information.
- Arrange for their own living accommodations and transportation to and from campus locations. Walsh College does not offer residential facilities or transportation to classes.
- Have transcripts evaluated course-by-course for international credentials by World Education Services (www.wes.org) or Educational Credential Evaluators (www.ece.org) and submitted along with the admissions application. The applicant is responsible for all related costs.
- Maintained good standing of their previous F-1 status (applicable to transfer students) according to United States Citizenship and Immigration Service (USCIS) regulations.

All application materials should be available for consideration by the international advisor at least eight weeks prior to the first date of the semester for which the applicant is seeking admission. Only upon full admission to the College will an I-20 be issued. All student visa holders are required to maintain full-time standing as defined in the Student Enrollment Classification section and pursue their designated program of study.

Non-Native Speakers of English

Individuals seeking application to a graduate, non-degree or certificate program for which English is not their first language must provide proof of English language proficiency. This proof may be in the form of one of the following:

1. A full bachelor's or master's degree awarded from an English-speaking institution.
2. TOEFL:
Score of 550 (written)
Score of 213 (computerized)
Score of 79 (internet-based)
MELAB score of 80
MTELP score of 80
IELTS score of 6.5 (www.ielts.org)
3. Proof of successfully passing an English composition course with a "C" (2.000) or better. All undergraduate students must complete an English composition course in order to be admitted. This will waive the English proficiency requirement.

An official document of these test scores must be sent to Walsh College for consideration in processing the admissions application. The TOEFL & IELTS scores are valid for two years; the MTELP/MELAB scores are valid for five years. Transcripts from the degree-granting institution may be accepted as proof of English language proficiency. Walsh College retains the right to require re-examination or further English language studies at a qualified institution for any non-native speaker of English. For additional information on international transcript evaluation and admission to the College for those individuals pursuing a student visa, please see the section entitled Admission on a Student Visa.

Student Enrollment Classification

For visa status compliance, please contact the international student advisor/DSO.

Undergraduate International Students

Full Time.....12 semester credit hours or more

Graduate International Students

Full Time.....6 semester credit hours or more

Doctoral Students

Full Time.....6 semester credit hours or more

Note: During dissertation research phase, 3 semester credit hours is considered full-time.

Enrollment verification will be determined based on course-level enrollment (undergraduate or graduate) and classification based on number of semester credit hours taken.

International Students

Academic Advising

The Admissions and Academic Advising office provides support programs and services to assist international students in achieving their goals. International students should meet with an international advisor if they experience academic difficulties, have questions about their academic program, or seek tutoring assistance. All international students are encouraged to meet with an international student advisor during their first semester and afterward as needed.

The academic program sheet given to students upon admission outlines the course of study at Walsh College based on the Catalog in effect at the time of admittance. Students may change programs of study, major, or degree to the newest Catalog year, with approval of the international advisor in the Admissions and Academic Advising office. They must also meet with the international student advisor so that appropriate changes can be made to their I-20. Students are encouraged to review their program of study each year. An advisor will confirm specific courses remaining for program completion and review the cumulative and major grade point average to ensure that students are meeting the expected requirements.

Change of Major, Minor, or Degree Program

An international student, who would like to explore changing majors, minors, or degree, or to add a second major, should see the international advisor to discuss alternatives that suit the new interests. A student desiring to change his/her degree program, major, or minor must officially request this change with the international advisor. A complete evaluation will be required to determine appropriateness and fulfillment of admissions criteria for the new degree or major. The student will be placed on the most current program of study and will be issued a new academic program sheet. All current admissions requirements and policies will apply. In addition, international students must see an international student advisor so that proper changes can be made to their I-20.

Orientation

The Admissions and Academic Advising office conducts a mandatory international student orientation program prior to the beginning of each semester. The student's I-20 is distributed at this session. In addition, the orientation provides new international students with the opportunity to become acquainted with the College's academic and administrative staff, policies, curriculum, and most important, F-1 and immigration rules and regulations. Faculty and current students attend the orientation to welcome new students; and information about student organizations and campus services is available. Campus tours are offered and the bookstore remains open during the session to provide the opportunity to purchase course materials. New students are notified of the date, time, and location upon admission.

Financial Aid

International students with an F-1 visa are not eligible for federal or state financial aid. However, undergraduate international students may apply for scholarships. For scholarship purposes, an international student must use an approved outside service agency to have a course-by-course evaluation of transcripts for U.S. credit and grade equivalents. Scholarship funds will not be awarded without a valid transcript. Contact the Admissions and Academic Advising office for further information.

Scholarship Categories

A variety of scholarships are available for Walsh College undergraduate students. These scholarships are based upon academic achievement, minority status, academic program, and/or financial need. Prospective international transfer students who demonstrate strong academic performance may apply for a Walsh College scholarship after completing only 30 credit hours at a community college. Students must be enrolled on at least a half-time basis in order to receive scholarship funds. New international undergraduate students may apply for up to four specific categories of scholarships.

Jeffery W. Barry Endowed Scholarship

Walsh College's most prestigious academic scholarship is awarded to prospective undergraduate transfer students majoring in accounting.

Community College Excellence Awards

This scholarship is awarded to prospective undergraduate students transferring from a Michigan community college. Students must have a minimum of 60 semester credit hours to transfer to Walsh College. Scholarship criteria will include the student's academic program as well as cumulative grade point average.

Academic Awards

These scholarships are awarded to undergraduate transfer students based on their proposed major and cumulative grade point average.

Multicultural Awards

These scholarships are awarded to undergraduate minority students and are intended to enhance diversity at Walsh College.
