Early Certification Request Form

By signing and submitting this form, you are requesting early certification.

- Do not submit an early certification if you are only concerned with your tuition being paid by the posted due dates.
- Walsh College extends GI Bill® user’s payment due dates to accommodate the delay in the VA’s payments.
- GI Bill users do not have to pay their tuition and fees until the first payment due date of the subsequent semester.
- If you are expecting a refund of Title IV funds, selecting early certification will expedite that process.

☐ I am requesting my credit hours and tuition and fee charges to be reported to the VA early with this certification.
