COMMUNITY  
COLLEGE**

# COURSE EQUIVALENCY GUIDE

## What you need to know:

The purpose of the guide is to list the Washtenaw Community College equivalents to courses that are required for the bachelor degree programs at Walsh College. This is not a complete listing of the coursework necessary to be admitted to or to earn a degree from Walsh College. A schedule of classes including those offered online, is available on the Walsh College Web site at [www.walshcollege.edu](http://www.walshcollege.edu).

## To be admitted:

An applicant must successfully complete, with a grade of "C" (2.000) or better, a minimum of 60 semester credit hours (90 quarter hours) of coursework completed at the 100 level or above. At least 30 semester credit hours (45 quarter hours) of the minimum 60 semester credit hours must be in liberal arts coursework. The liberal arts coursework must include one course in English composition or written communication and one course in intermediate algebra or placement in a higher-level mathematics course. Applicants to the Bachelor of Science in Business Information Technology degree will have additional admission requirements. Courses must be completed with a minimum grade of 2.000 on a 4.000 scale. If you are a non-native English speaking candidate, you may need to provide proof of English language proficiency through documented TOEFL, MELAB, or MTELP scores.

## To earn a bachelor degree:

There are three components to earning a bachelor degree from Walsh College:

1. Transfer credit hours (up to 82 eligible semester credit hours),
2. Professional core,
3. Program core or Major courses.

You must satisfy all specific degree requirements as listed in the online Walsh College Catalog under "graduation requirements." A minimum of 127 semester credit hours must be completed, with 45 semester credit hours to be taken in residence at Walsh College within five years of enrolling.

## To maximize your transfer credit:

Walsh College accepts credits successfully completed at the 100 level or above. Because you may transfer a maximum of 82 eligible semester credit hours, most associate degree requirements will transfer. You are advised to talk with your community college counselor to plan your transfer curriculum.

At any point along the way, you may call or meet with a Walsh College advisor to make certain that you are on the right track toward earning your bachelor degree from Walsh College.

## BACHELOR OF ACCOUNTANCY

### BACCT PROFESSIONAL CORE

Required of all students wishing to earn a BAcct degree at Walsh College.
