Walsh College Receives Innovation Award for its Identify Theft Prevention Program

Comprehensive program increases security awareness for long-term impact

TROY, Mich.--(BUSINESS WIRE)--CareTech Solutions, an information technology (IT) and Web products and services provider for more than 200 U.S. hospitals announced today that the company's IT services client, Walsh College, received the 2012 Innovation Award from the National Association of College and University Business Officers (NACUBO). The award honors the college's efforts in social engineering awareness and data loss prevention.

"Congratulations to Walsh College for their commitment to protecting student's confidential and sensitive information (CSI)," said Jim Giordano, president and CEO, CareTech Solutions. "As their IT partner, CareTech Solutions is pleased to see the college take their information security efforts beyond the technical approach to evaluate the role that human interaction plays in information security preparedness."

Walsh College

Walsh College (www.walshcollege.edu) is a private, non-profit, upper-division all-business college where 4,500 students study for bachelor's, master's, and doctoral degrees as well as professional certificates. The College offers courses at two campuses, three southeast Michigan university centers, and online. Faculty members integrate application and theory to prepare students for successful corporate and entrepreneurial careers, and employers value and seek out Walsh graduates for their practical business education. Walsh cultivates student and alumni entrepreneurs through the Blackstone LaunchPad and furthers education among the business community through The Walsh Institute. Celebrating 90 years of business education, Walsh College is accredited by The Higher Learning Commission of the North Central Association of Colleges and Schools (www.ncaahlc.org; phone: 312-263-0456). Specific degree programs are accredited by the Accreditation Council for Business Schools and Programs (ACBSP, www.acbsp.org) and the International Assembly for Collegiate Business Education (IACBE, www.iacbe.org).

"Congratulations to Walsh College for their commitment to protecting student's confidential and sensitive information (CSI)"
