

## REQUIREMENTS:

- Complete our program application at [www.walshcollege.edu/mentor-program](http://www.walshcollege.edu/mentor-program).
- Commit four hours of your time over six months.
- Attend two events (Kickoff and Dinner at the end of the program).
- Give career advice via a method best suited for both parties (email, LinkedIn, texting, phone, in-person meetings, Skype), depending on preferences and availability.

Benefits for mentors include gaining an understanding of the skills and expectations of today's students as they enter the workforce.

# WALSH COLLEGE MENTOR PROGRAM

Connecting Walsh Students  
with Business Professionals

**WALSH**<sup>®</sup>  
COLLEGE

Walsh College offers students the opportunity to connect with business professionals in their areas of interest. Mentors can provide invaluable advice on career paths and share insights they have gained along the way.

Mentors enjoy networking and building lasting friendships; all of our participants have shared that they plan to continue their relationships following the completion of the program.

Questions? Contact Jill Peplinski  
[jpeplinski@walshcollege.edu](mailto:jpeplinski@walshcollege.edu)

Participation in the program depends on the number of students/mentors who apply with similar interests; an application does not guarantee a match.

The program is designed to support personal and professional growth, not to serve as an avenue for hiring, result in a promise of employment, or be used for transacting business.

Mentors have the opportunity to give back by sharing career advice that will help future business professionals in interviews, in corporate meetings, and in life.
