How do I find older annual reports?

One database that you can use is **ProQuest ABI/Inform Complete**. Click the Advanced link and then Advanced Search. Enter the company name in the search box. From the drop-down menu select **Company/organization**.

Scroll down to Document Type. Select the **Annual Reports** box from the Document type drop-down menu. You can also choose to enter the company name in this Company/organization box as shown here instead of at the top of the page.
Ford Motor Co Annual Reports go back to 1986 in ProQuest.

FIS Mergent Company Data

FIS Mergent Company Data is another database you can use to find older annual reports. Ford annual reports go back to 1995. How far the reports go back varies by company.

Start typing the company name; a drop-down menu will appear. Click on the report link.
On the next screen select the Reports tab; a list of annual reports display. Select the year you are interested in. Ford’s annual reports go back to 1995.
